

Take Two Cups

Take a cup of Arbucks' Coffee and a cup of the "cent-a-pound-cheaper" kind. One taste of each will prove to you that the reason Arbucks' costs a little more is because it's worth more. It's selected with greater pains, roasted with greater care, packed with greater skill. It comes to you as fresh as when it left the roaster. Not a particle of its strength or flavor lost. Cheap coffee lacks both strength and flavor.

ARBUCKLES' Roasted Coffee

is cheaper in the end than other coffees because it makes more cupfuls to the pound and gives far greater satisfaction.

With each package of Arbucks' Coffee you purchase a definite part of some useful article—which is yours on presentation to our Notion Dept. of a certain number of signatures cut from the wrappers. You'll find a list of the articles in each package.

The common schools in the United States employ 400,000 teachers. Sixty per cent. of these are women. The average monthly wages paid to the men is \$45.24, and to the women, \$38.14.

Queen Victoria's childhood was much the same as that of other children, and it is interesting to note that she was the first member of the royal family to be vaccinated, having undergone the operation when a mere infant.

In addition to the numerous Arctic expeditions which are to start this year on a race to the North pole, there will be two Antarctic expeditions. One is English and the other German. Specially designed vessels are being built for them.

Adirondack guides have decided that in future they will in every way discourage the use of small-bore rifles in the woods. They say that the weapon named sends bullets far beyond necessary hunting range and should be barred on that account.

A Mississippi Sheriff sent to Auditor Cole an express package containing \$8,280 collected as taxes, without a line showing to what county it should be credited. It took two weeks' time and labor to ascertain that Lee county was entitled to credit for the amount.

Mrs. Charles Weed of Bound Brook, N. J., owns the most valuable cat in the world, a superb French Angora, and \$5,000 would not buy him. Napoleon I. is the name of this famous pet, and its silken coat is of the richest golden hue. The beauty occupies luxurious apartments.

Large deposits of magnesite have been found in Southern India, and the officers of a Portland cement works at Madras have succeeded in producing a white cement plaster which has magnesite for a basis. This cement can be used for plastering walls, and dries so speedily that rooms are ready for occupancy within forty-eight hours. It can be painted or else colored by mixing coloring matter.

German plantation experts claim that the Samoan Islands have a great future in coffee, tobacco, cotton, etc. Upolu island, it seems, is especially suitable for the culture of these products, possessing, as it does, favorable position, a fruitful soil and a good climate. A company is at present being formed in Germany for the purpose of exploiting this island—laying out plantations, establishing narrow-gauge railways, etc.

Twenty Rio Janeiro policemen attacked an unarmed man on a recent night, cut him with sabers, fired thirty revolver shots at him and finally completed the cowardly assault by putting a bullet in his brain as he lay helpless in a doorway where he had taken refuge.

Cattlemen in South Dakota are generally agreed that it is time to abandon the present method of branding cattle as cruel. In New Zealand they have a composition which is used to make an easily distinguishable mark. It is applied with a cold iron, destroying the hair or hide, but not causing pain to the animal.

A process of extracting rubber from the hule plant has been discovered. This plant is a species of sagebrush, with small leaves, which grows to a height of about 3 feet, and is found not only Mexico, but also in Texas, Wyoming and Nebraska. It grows in mountainous regions, and is said to contain 40 per cent. of rubber.

The President has received from Hawaii a souvenir of the recent political campaign there in the form of a yellow ribbon, bearing the motto, "Ua mau ke ea o ka aina i ka pono," which means, "The life of the land is established in righteousness. This was chosen as a campaign motto of the administration party during the last Presidential campaign.

WE... HAVE...

Taken an account of stock, and as there are always some good goods in all first-class stocks that become out of date we have arranged a CHEAP TABLE, upon which we have placed such goods, and are now ready to show them. All old residents remember our famous Cheap Tables, and that these goods will be just as represented. This "ad" is a little out of our ordinary way of doing business, but we are still progressive. The old reliable,

BASKET BALL.

Postponed Game Played at the Y. M. C. A. Last Night.

With a whoop the Cowboys went after the Heines at the Y. M. C. A. last night in a great game of basket ball, which gave the tone of Athenian sport, so invigorating, intelligent and splendid was the contest.

Evenly matched, and backed by that spirit of courage which seldom knows defeat, the halves waxed and waned with much evenness, the end coming with a display of strategy on both sides which required strength, prowess and intelligence to throw the score.

When time was called the score stood 14 to 14, and under the rules a continuance was necessary until one side won in quick order. The Heines threw goal and the game was declared belonging to them.

A big crowd was out and the enthusiasm was great.

The line-up was as follows—

Cowboys.
C. P. Traxel, Captain.
Charles Helmer, goal.
Deweese Outten, center.
Leon Squires, goal.
Griffin Murphy, guard.
Heines.
Robert Rasp, Captain.
William Schlitz, goal.
Harry C. Curran, center.
Sam Daugherty, goal.
Louis Schaur, guard.

After class tonight the Heavyweights and Schwarzs' Braves will have a game.
